FACILITY OVERVIEW

Treasure Keepers Children's Centre Inc.

71 Normandeau Bay, La Broquerie

Date Developed: October/2012

Last Revised: February 20/24

Last Reviewed: February 20/24

Reviewed and Approved by:

☐ Fire authority ☐ Child care coordinator ☐ Board of directors

Copies provided to:

☐ all supervisory staff and designated alternates

☐ child care coordinator

☐ posted in each separate area for easy reference by all staff and the fire authority

☐ school principal

Purpose

This safety plan is designed to provide guidance and direction to staff and the board of directors. This will help ensure the safety of the children, families, staff and visitors to our child care centre. It establishes clear and concise policy and procedures:

- to prepare staff on what to do in the event of different types of emergencies
- to evacuate safely to our designated place of shelter
- to shelter-in-place when it is safer to remain in the centre
- to close the centre due to severe weather, health-related or other emergencies
- to ensure the safety of children with anaphylaxis (life-threatening allergies)
- to ensure safe indoor and outdoor environments
- to control visitor access

Delegation of Authority

The Director or designated alternate maintains the authority to declare an emergency situation and implement evacuation, shelter-in-place or closure procedures. This responsibility includes communications with parents and the media.

First Designated Alternate: Supervisor

Second Designated Alternate: Most senior staff

Third Designated Alternate: Most senior closing staff

As the centre is located in a school, we follow the emergency procedures as directed by the School Principal and/or the School Division. As school personnel are always present, they may be consulted or be delegated authority by the Director (or designated alternate).

Revised February 2024

Communication between Child Care Rooms

The centre's intercom system is primarily for staff to communicate to other rooms. Staff use cell phones and Fastoche when outside or on outings so that everyone will be notified of emergency situations if they arise. The centre has access to school intercom system to hear announcements (but cannot communicate to school office from centre).

Children, Staff and Building Personnel

Children

Licensed for maximum of 47 spaces aged 12 weeks to 12 years including:

8 children aged 12 weeks to 2 years

24 children aged 2 to 6 years

15 children aged 6 to 12 years

Staffing

8-10 staff including: 1 director, 3 preschool room staff, 2 infant room staff, 1 kitchen staff, 1 breaks, 1 school-age staff, possibly 1 Inclusion Staff

Building personnel

School Principal is responsible for the school.

School Custodian is responsible for the maintenance of the building including the inspection and maintenance of the fire protection systems and equipment.

Building Description

Located in Arborgate School - 3500 square foot, brick, two-story building (A2 Occupancy)

Spaces Used by Centre

Self-contained centre located on the main floor: including infant play room, infant nap area, preschool playroom, preschool nap room, school age playroom, kitchen, storage room, staff room and director's office. Playrooms have adjacent washrooms.

Additional spaces that may be used in the school: gym, library and music room and school washrooms when in these areas.

Main Exits

Infant Room – fire door in room to west side of building

Preschool Room - fire door in room to south side of building

School Age Room - fire door in room to south side of building

Alternate Exit

Infant/Preschool/School Age Room - hallway through main centre entrance to school exit leading to staff/parent parking

Heating, Ventilation and Air Conditioning

Automated shut off. Natural gas to boilers and hot water tank. Geothermal heating/cooling system with individual thermostatic control in each room

Fire Safety Equipment and Locations

Security System

Key pad located: In south school shared corridor outside of centre

Monitored by: XL Alarms at 204-231-1072

Fire Alarm System

Alarm signal is sent to the alarm company which contacts the fire department. The system includes pull stations, sprinkler system, horns, strobe lights and emergency back-up lights.

Fire Alarm System Control panel located: In south school shared corridor outside of centre

Monitored by: XL Alarms at 204-231-1072

Fire Alarm Pull Stations located:

- Infant Room - West exit
- Preschool Room - South exit
- School Age Room - South exit
- Main entrance to centre in corridor located next to the door

Fire Department Connection located:

Located at front of school by East entrance on North wall and at dual connection at the pump house

Smoke Alarms

Hardwired units in each individual room

Installation Date: August 2012

Carbon Monoxide Alarms

Battery-operated (AA) units located:

- centre hallway
- infant room – near laundry area
- school age room

Installation Date: October 2012

CO Unit Replacement Date: October 2019 (every 7 years)

Portable fire extinguisher

In kitchen with Fire blanket

Revised February 2024

Utility Shut-off Locations

The School Custodian is responsible for the maintenance and inspection of all utilities. Child care staff do not have access to the utility shut offs. If a utility needs to be shut off in an emergency, staff must contact the School Principal or Custodian.

Water Main: In ceiling room 153, and Automated Shut-off

Main Natural Gas Valve: Outside building by existing Boiler Room (187)

Furnace: Automated Shut-off

Water Heater: Automated Shut-off

The following are identified on the electrical panel (no access by staff):

- furnace
- water heater
- clothes dryer
- exhaust fans in kitchens, bathrooms and any other spaces

EMERGENCY FLOOR PLAN

See attached

School – Child Care Centre Communication Procedures

In case of an emergency or threat of any kind to Treasure Keepers Children's Centre and Arborgate School, immediate communication must be ensured between the centre and the school.

Ongoing communication and updates are continued until the emergency or threat is over.

When Arborgate Treasure Keepers Children's Centre is aware of a threat or in an emergency state, the director (or designated alternate) will:

1. Call the school by telephone at 204-424-5607 (when safe) or
2. Walk down to school office to communicate (when safe)

Outside of school hours, the director will contact the school principal, Todd Long-204-981-2518, SRSD Maintenance Ross Groll 204-878-9193 (home) or 204-792-2799 (cell).

Outside the centre's hours of operation, the director will contact the school principal Todd Long(cell) 204-981-2518, SRSD Maintenance Ross Groll 204-878-9193 (home) or 204-792-2799 (cell).

When Arborgate School is aware of a threat or in an emergency state, the school principal (or designated alternate) will:

1. Call the centre by telephone at 204-424-5687 (when safe) or
2. Communicate using announcements over the school intercom or
3. Walk down to the centre to communicate (when safe)

Outside of school hours, the school principal or maintenance will contact the centre at 204-424-5687 or centre director at 204-371-0499 (cell).

Outside the centre's hours of operation, the school principal (or designate) will contact the centre director at 204-371-0499 (cell).

These communication procedures are posted in the Communication Book of the centre and in the Emergency Contact Binder of the school and will be reviewed annually by the centre director and school principal and revised as needed.

Revised February 2024

EMERGENCY EVACUATION PROCEDURES

Emergency evacuation procedures will be used in case of:

- fire
- a chemical or hazardous materials accident inside of the centre
- a suspected natural gas leak
- high level of carbon monoxide (CO) indicated by CO alarm

Emergency evacuation procedures may be also used in situations such as:

- bomb threat
- threatening behaviour inside the building
- a chemical accident in the area outside of the centre
- a health-related emergency such as utility failure or sewage back up

In Case of Fire

Staff should:

1. Ensure everyone evacuates fire area immediately.
2. Close doors to fire area.
3. Pull fire alarm bell.
4. Notify Director (or designated alternate) as to the location of fire.
5. Proceed with evacuation following steps below.

Suspicion of Gas Leak - IMPORTANT - Do NOT pull fire alarm bell

Staff should:

1. Verbally notify the director (or designated alternate) immediately.

Director (or designated alternate) should:

1. Verbally direct Lead Staff in all play rooms to lead *Evacuation Procedures*.
2. Assign staff to verbally notify school personnel by phone or in person.
3. Call 911 for fire department and state nature of emergency and address (School personnel may take this responsibility).
4. Proceed with evacuation following steps below.

Upon Hearing CO Alarm - IMPORTANT - Do NOT pull fire alarm bell

Staff should:

1. Verbally notify the director (or designated alternate) immediately.

Director (or designated alternate) should:

1. Check with staff in all child care areas to see if any children or staff is showing signs or symptoms of CO exposure such as headaches, dizziness, nausea, vomiting, weakness, drowsiness, etc.
2. Call 911 for Fire Department and tell them:
 - That CO alarm has been activated in a child care centre located in a school
 - If any staff or children are showing any signs/symptoms or not
 - That centre is evacuating
3. Notify school personnel of situation, that fire department has been called and that centre is evacuating.
4. Direct staff and children to put on jackets, boots, etc for protection in cold weather if no one is showing signs or symptoms.
5. Proceed with evacuation following steps below.

Upon Hearing Fire Alarm (or Instructions from Director)

All children, staff and visitors should:

1. Stop all activities immediately
2. Follow directions of senior staff to evacuate building.
3. Meet in the assembly area on the outside of the fenced area by the gate.

Lead Staff in Each Play Room (or designated alternates) should:

1. Preschool and School Age Rooms - Direct staff to gather with children and visitors by the inside of safest exit door. Count children.

Infant Room – Direct staff to get evacuation crib or folding wagons from nap area and put 8 children in crib. Gather by inside of safest exit door. Count children.
2. Bring the attendance record: device with Fastoche (with floor plan located in Admin>Documents>Floorplan).
3. Take the emergency backpack (including first aid kit, child information records, staff emergency information and contact information for school personnel).
4. Lead evacuation out of the building.
5. Assign staff to help children who require additional assistance.
6. Take attendance in the assembly area.

Revised February 2024

Report evacuation status to Director (or designated alternate).

Second Staff in Each Play Room should:

1. Conduct a sweep of the play room looking for any remaining children or adults.
2. Take the backpack with fire blankets for protection in cold weather (if it is safe to do so).
3. Take required medications and specialized equipment for children with additional support needs if essential to their immediate safety and it is safe to do so.
4. Infant staff – assist with evacuation crib and/or wagon.
5. Close all doors and windows, time permitting.

Director (or designated alternate) should:

1. Call 911 to ensure fire department is aware of the situation. (School personnel may take this responsibility).
2. Conduct final sweep of centre, if safe to do so. Close all doors and windows, time permitting.
3. Review attendance record received from staff. Confirm that all children, staff and visitors are accounted for.
4. Advise the fire department (or school personnel) of evacuation status (for example, complete with no possibility that any child care staff, children or visitors are unaccounted for).
5. Take direction from fire department (or school personnel).
6. Direct staff to return inside or proceed to designated place of shelter upon direction from fire department (or school personnel).
7. If staff and children proceed to designated place of shelter before fire department arrives:
 - If possible, assign a staff member to remain at main entrance to advise fire department.
 - Call 911 to inform of evacuation status (School personnel may take this responsibility).
8. Post the name, location and contact number of the designated place of shelter on the outside door.
9. Prepare a written statement to relay to parents by telephone, e-mail or text to let them know the children are safe, where to pick them up and whether they need to come early.
10. Assign specific staff to contact parents with prepared statement using centre's cell phone and office phone in designated place of shelter.
11. Record an outgoing message on the centre's voice mail system.
12. Contact staff on outings to return to designated place of shelter, not the centre.
13. Be available to discuss event with parents when they pick up children.

After the event, the director (or designated alternate) should:

1. Write and distribute a short text or email telling parents about the event and any follow-up steps that will be taken.
2. Tell the Child Care Coordinator about the event.
3. Discuss incident with school personnel.
4. If necessary, call the Regional Health Authority to access the community crisis/trauma response team within 24 hours of the event for advice, resources or in-person support.
5. In case of carbon monoxide alarm, take the carbon monoxide unit(s) outside of the building to clear the sensor(s) and return the CO unit(s) to the interior location(s).

DESIGNATED PLACE OF SHELTER AWAY FROM THE CENTRE

La Broquerie Arena

35 Normandeau Bay

Contact person: Arena Personnel at 204-424-5396

RM of La Broquerie office at 424-5251

EVACUATION AND SHELTER-IN-PLACE PRACTICE DRILLS

The following procedures are used to ensure the safety of children and adults in our centre.

Evacuation and shelter-in-place practice drills are documented on the Evacuation and Shelter-in-Place Drill Record form and maintained on file for at least one year. Staff and children are not told in advance of the drills. Parents and visitors are required to participate in the drill when in the centre and follow the direction of staff.

Emergency Evacuation Drills

- minimum of one evacuation drill per month using a hand bell.
- participate in all school fire drills using the fire alarm
- using alternate exit routes
- at different times of the day with varying numbers of staff
- a nap-time evacuation at least once annually
- complete evacuation to our designated place of shelter at least once a year

Shelter-in-Place Drills

- minimum of one shelter-in-place drill every year

After Evacuation or Shelter-in-Place Practice Drills

- director (or designated alternate) will post this information for families through our Fastoche
- staff will try to discuss the drill with each family at departure time, particularly if their child found it interesting or upsetting

CENTRE CLOSURE PROCEDURES

The following procedures and communication policies will be used in the event of partial or full day closure of the centre due to:

- weather-related emergencies such as a severe winter storm
- health-related emergencies such as a utility failure or the outbreak of illness
- floods
- forest fires

School Procedures:

The decision not to open the school because of poor weather conditions and the possibility of blocked roads, or for other reasons, is made early in the morning by the Transportation Supervisor, and the Superintendent. If they decide the schools will not open, they will contact the radio stations. In the event of an emergency and/or severe weather, listen to the Steinbach Radio at Mix 96.7 or check the Steinbach Website at www.steinbachonline.com and Seine River School Division website at www.srsd.mb.ca or the centre website at treasurekeepers.ca for notification of a closure. The Centre is automatically closed if Arborgate School is closed as a result of inclement weather. The centre is required to close if school is closed. Parents are told in the Parent Policy manual to listen for school closures. All families and Staff will be notified also by Fastoche messaging.

Closure of centre for portion of day

Director (or designated alternate) should:

1. Text all families through Fastoche and follow up if needed by telephone. Advise them to pick up their children early at centre or at designated place of shelter. Provide staff with a scripted statement to use if helping notify parents.
2. Contact emergency contacts designated by parents, if parents cannot be reached.
3. Post a note on the outside door with the name, location and phone number for the designated place of shelter. Include the centre's cell number.
4. Advise all staff not there at the time.
5. Advise school personnel if closure not initiated by school.

Closure of centre for the full day

Director (or designated alternate) should:

1. Attempt to contact all families and staff the previous evening or early in the morning by centre messaging. Provide staff with a scripted statement to use if helping notify parents.
2. Record an outgoing message on the centre's voice mail system.
3. Post a note on the outside door, if possible.

Revised February 2024

4. Advise school personnel if closure not initiated by school.

Additional steps to prepare for closure due to flooding or forest fire

1. School personnel are responsible to make sure the building is prepared for closure (eg. turning off furnace, main power switch and the outside gas valve, time permitting.)
2. Director (or designated alternate) should take important documents such as child and staff information and financial records, time permitting.

Additional steps if our building is flooded

Director (or designated alternate) should:

1. Contact school personnel to:
 - Contact Manitoba Hydro to disconnect power at the pole and make sure it is safe to re-enter the centre.
 - Schedule the cleaning, service and replacing of main circuit panels, light switches, electrical sockets, appliances, furnaces, etc by certified technicians.
 - Make arrangements to have all wiring inspected by a qualified electrician before turning power on.
 - Make arrangements for the natural gas to be turned on by a qualified professional.
 - Schedule appropriate cleaning for all flooded areas.
2. Contact parents with an expected reopening date as advised by school personnel.

After partial or full day closure

Director (or designated alternate) should:

1. Write and distribute a short letter telling parents about the event and any follow-up steps that will be taken.
2. Tell the Child Care Coordinator about the event.
3. Discuss incident with school personnel, as needed.
4. If necessary, call the Regional Health Authority to access the community crisis/trauma response team within 24 hours of the event for advice, resources or in-person support.
5. Contact fire and public health inspectors and the child care coordinator. Depending on the reason for closure, there may be requirements or recommendations to reopen centre.

CONTROLLING FIRE HAZARDS and INSPECTION AND MAINTENANCE OF FIRE SAFETY EQUIPMENT

The following procedures will be used to ensure requirements under the Manitoba Fire Code are met to reduce and prevent the risk of fire by:

- controlling fire hazards
- inspecting and maintaining fire safety equipment

Documentation File

The following documentation will be maintained by the director for review by the fire inspector. The designated alternate will know the location of this file, which will contain:

- copies of safety checklists used to document daily, monthly and annual checks to control fire hazards and inspect and maintain fire safety equipment
- evacuation and shelter-in-place practice drill record
- fire extinguishers annual inspection report by Steinbach Fire Protection.
- inspection and maintenance records for carbon monoxide alarms

The director (or designated alternate) will refer the fire inspector to the School Custodian for the following documentation:

- fire protection system annual inspection report by a qualified technician
- rotating use of fire alarm manual pull stations
- heating system annual inspection report by a qualified heating contractor

These following items have been integrated into our Safety Checklists to document the checks required on a daily, monthly and annual basis. The school custodian is responsible for the inspection and maintenance of the many of the items however childcare staff are to be aware and notify custodial staff of any issues noted during their inspections.

Daily Inspections and Maintenance

1. Fire alarm power indicator and trouble indicator lights are functioning.
2. Evacuation procedures and floor plans are prominently posted in each room used by the centre.
3. Exit signs in all areas used by the centre are easy to see and lit.
4. Corridors and exits in all areas used by the centre are unobstructed and properly lit.

5. Exits are free of snow and ice. There is a minimum of three meters (about 10 feet) cleared of snow outside of exit. There is a cleared path so that everyone can move further away from the building.
6. Fire doors in all areas used by the centre are NOT wedged or blocked open.
7. Electrical appliances in all areas used by the centre are unplugged when not in use (toaster, coffee maker, etc.)
8. All electrical outlets in areas used by the centre have covers in place.
9. Lint traps in laundry equipment used by the centre are cleaned after each use.

Monthly Inspections and Maintenance

1. Exit doors in all areas used by the centre are readily opened from the inside without the use of keys or other locking devices.
2. Fire department access is unobstructed. Exterior fire department connections are easy to see and unobstructed. For example, no vehicles may be parked in a fire route/lane. There is no excessive vegetation, snow or other obstructions to access routes, fire hydrant and fire department connections.
3. All fire extinguishers in areas used by centre are checked by the centre director (or designated alternate) when conducting monthly fire drills to make sure:
 - proper type
 - hung in required locations
 - labelled
 - ready for use
 - tagged
 - properly charged (arrow in green zone)
 - monthly check documented on tag and on practise drill record
4. Battery operated carbon monoxide alarms in areas used by centre are checked to ensure proper function is documented in the safety checklist.
5. Storage in areas used by centre are checked by centre director to make sure:
 - propane cylinders are not stored inside building
 - there is at least 18 inches clearance between storage and sprinkler heads
5. Storage in areas in school are checked by school custodian to make sure:
 - combustible materials have not built up in basements, storage rooms, service rooms or stairwells
 - combustible materials are not stored next to water heaters and heating equipment
 - propane cylinders are not stored inside building

- there is at least 18 inches clearance between storage and sprinkler heads
6. The inspection documentation for fire alarm system and equipment is maintained by the School Custodian for review by fire inspector.

Annual Inspections and Maintenance

The following inspection documentation is maintained by the centre director for review by fire inspector:

1. Fire extinguishers are inspected by certified agency (also documented on tag).
2. Batteries for carbon monoxide alarms are replaced at least annually (documented).
3. Carbon monoxide units are replaced in October 2019(seven years as per manufacturer's requirements).

The following inspection documentation is maintained by the School Custodian for review by fire inspector:

1. Heating system is inspected by qualified heating contractor.
2. Fire protection systems are inspected by a certified technician:
 - emergency lighting
 - fire alarm system
 - sprinkler system
 - fire pump

WEATHER-RELATED EMERGENCIES

The following procedures will be used in the event of the following in our area:

- winter storms
- flooding
- forest fires
- tornadoes
- severe thunderstorms

School Procedures:

The decision not to open the school because of poor weather conditions and the possibility of blocked roads, or for other reasons, is made early in the morning by the Transportation Supervisor, and the Superintendent. If they decide the schools will not open, they will contact the following radio stations: C.B.C. (990), C.J.O.B. (680), C.K.R.C. (630), C.K.Y. (580), C.H.S.M. (1250), and the affiliated FM stations. This information is also posted on the Seine River School Division website www.srsd.mb.ca, Steinbach online www.steinbachonline.com, and on The Weather Network Television station and website <http://www.theweathernetwork.com/schools/cambpoi2151458>.

Centre is required to close if school is closed. Parents are told in the Parent Policy manual to listen for school closures. All families and Staff will be notified also by Fastoche messaging.

Preparation

To prepare to care for children outside of regular centre hours or during a utility failure, the director (or designated alternate) will ensure that:

- non-perishable food and water is stored and replenished at least annually
- flashlights and battery operated lights with fresh batteries are available in all areas of the centre
- fresh batteries are available for the weather radio or portable radio

Winter Storm, Flood and Forest Fire Procedures

Director (or designated alternate) should:

1. Monitor appropriate source listed below when there is potential for severe weather, flooding or forest fires:
 - Environment Canada for weather watches and warnings on weather radio or local media
 - Manitoba Water Stewardship's Hydrologic Forecast Centre website (manitoba.ca/waterstewardship/floodinfo) and local media during the spring run off period and during other high water advisories for the area
 - Manitoba Conservation Fire Program website (manitoba.ca/conservation/fire/) as well as local media during forest fire season from April to October

Revised February 2024

2. Notify staff in playground to bring children inside in the event of a severe weather warning.
3. Notify any groups on outings to return or take indoor shelter immediately.
4. Reschedule outdoor play and all outings away from the centre.
5. Post information indicating that there may be a need for closure and reminding parents how the closure will be communicated.

Additional steps for severe winter weather watch/warning or a blizzard warning

1. Director and the board chair will consult on the need for emergency closure. Decision may be made by the School Principal or Division.
2. Follow *Emergency Closure Procedures* if required.

Additional steps when there is potential for flooding or forest fire

1. Director and the board chairperson will consult on the need for an emergency closure based on the information available from emergency response officials. Decision may be made by the School Principal or Division.
2. Director (or designated alternate) will:
 - advise parents and staff if a decision is made to close the centre
 - follow all instructions from emergency response officials
 - remind parents to listen to local media and emergency response officials for evacuation orders and assume that the centre will be closed until further notice
3. Follow *Emergency Closure Procedures* if required.

Tornado or Severe Thunderstorm Procedures

Staff should:

1. Immediately contact the director (or designated alternate) if aware of a severe thunderstorm or tornado warning/sighting in the area.

Director (or designated alternate) should:

1. Monitor the situation using information from Environment Canada on the weather radio.
2. Consult with school personnel.
3. Make decision to enact *Shelter-in-Place Procedures: Tornado*. This decision may be made in consultation with school personnel.
4. Remind lead staff in all play rooms:
 - Not to use electrical equipment and avoid using the telephone.

- To guide children to stay away from windows, doors, radiators, stoves, metal pipes, sinks or other electrical charge conductors.
- To make sure flashlights and battery operated lights with fresh batteries are available in all areas of the centre.
- To unplug all electrical appliances in areas used by centre such as TVs, radios and toasters.

SHELTER-IN-PLACE PROCEDURES: TORNADO

Protective Spaces: Main centre hallway

Director (or designated alternate) should:

1. Direct lead staff in all playrooms to begin *Shelter-in-Place Procedures: Tornado*.
2. Notify staff in playground to return indoors immediately.
3. Notify staff on outings away from centre to immediately seek the closest indoor shelter. Remind them to call back with their location.
4. Bring the weather radio operating on battery back-up and cell phone to protective space to monitor when it is safe to leave the protective spaces.

Lead Staff in Each Play Room (or designated alternates) should:

1. Preschool and School Age Rooms - Direct staff and children to gather near the play room door. Count children before proceeding to the protective space.

Infant Room – Direct staff to get evacuation crib/wagons from nap area and put 8 children in crib and/or wagons. Gather near play room. Count children before proceeding to the protective space.

2. Bring the attendance record, device with Fastoche.
3. Bring the emergency backpack into the protective spaces (including the first aid kit, child information records, staff emergency information and contact information for school personnel).
4. Once in the protective space, take attendance to make sure all children and staff is accounted for.
5. Advise director (or designated alternate) of the status of *Shelter-in-Place Procedures: Tornado*.

Second Staff in Each Play Room should:

1. Help children who require additional assistance.
2. Take required medications and specialized equipment for children with additional support needs if it is possible to do so safely and if essential for the immediate safety of a child.

After the event, director (or designated alternate) should:

1. Write and distribute a short email/text telling parents about the event and any follow-up steps that will be taken.
2. Tell the Child Care Coordinator about the event.
3. Discuss incident with school personnel.

Revised February 2024

4. If necessary, call the Regional Health Authority to access the community crisis/trauma response team within 24 hours of the event for advice, resources or in-person support.

HEALTH-RELATED EMERGENCIES

The following procedures and communication policies will be used in the event of an emergency due to:

- a child's medical condition
- communicable or food-borne illness in the centre or larger community
- serious injury of a child
- utility failure or sewage backup

A Child's Medical Condition

When a child enrolls with a medical condition or is diagnosed while attending the centre the director (or designated alternate) should:

1. Make sure Unified Referral Intake System (URIS) applications are submitted.
2. Arrange staff training by a registered nurse related to the URIS *Individual Health Care Plan/Emergency Response Plan*.
3. Update the centre's safety plan with any special considerations required for the child.
4. Store *Individual Health Care Plan/Emergency Response Plans* in the appropriate staff communication area while considering the importance of confidentiality.
5. Make sure there are processes to monitor when a child's URIS plan will expire.
6. Arrange for plan to be updated and staff retraining to be conducted every year.
7. See the Anaphylaxis section for additional policies and procedures related specifically to life-threatening allergies.

Communicable or Food-Borne Illness

Prevention

The following procedures are used to prevent outbreaks of communicable or food-borne illness:

- routine health practices
- cleaning and sanitizing schedules
- safe food handling practices
- disposable gloves are worn any time staff's hands may come in direct contact with blood (or body fluids containing blood) or staff have open cuts or sores on their hands
- staff monitor children's health and ask parents about unusual symptoms observed in children (diarrhea, vomiting, abdominal pain, etc.)

Revised February 2024

- staff encourage parents to inform the centre of diagnosed illness after a visit to the doctor
- staff document symptoms, diagnosed illnesses or absences due to illness in the daily incident record
- a toileting log book is maintained to help identify children with diarrhea as a simple warning system of an illness outbreak.

Outbreak of communicable or food-borne illness in centre

Director (or designated alternate) should:

1. Contact the public health nurse for requirements for specific illnesses. Be sure to ask about any special precautions for non-immunized children or pregnant staff/family members.
2. Contact the public health inspector if directed to do so by the public health nurse.
3. Inform the child care coordinator of the situation and public health authority's requirements and recommendations.
4. Advise school personnel of the situation and public health authority's requirements and recommendations.
5. Provide regular updates to the child care coordinator and public health authorities.
6. Review the following procedures with all staff and make sure procedures are diligently followed:
 - proper sneezing and coughing etiquette
 - adult hand washing procedures
 - children's hand washing procedures
 - diapering and toileting procedures
 - cleaning and sanitizing procedures
 - procedures for the proper storage, handling and serving of food
7. Notify parents of illnesses present in the centre and the symptoms to look for in their child.
8. Share resources and information with parents.
9. Advise staff of requirements from public health or other authorities and make sure requirements are followed.

Staff should:

1. Review proper hand washing procedures with the children.
2. Go over sneezing and coughing techniques with the children.
3. Monitor bathroom visits to make sure procedures are followed.
4. Clean and sanitize toys, equipment and surfaces.
5. Encourage parents to discuss any health concerns, symptoms or diagnosed illnesses.

6. Document health concerns, symptoms or diagnosed illnesses in the daily incident record.

Parents should:

1. Discuss any health concerns or symptoms with staff.
2. Tell staff about any diagnosed illnesses.

Contact with Public Health

The public health authority will be contacted for advice and direction if any of the following illnesses are present in the centre:

- any illness prevented by routine immunizations: diphtheria, measles, mumps, pertussis (whooping cough), polio and rubella
- gastrointestinal infections such as a diagnosed case of campylobacter, E. coli, giardia, rotavirus, typhoid fever, salmonella gastroenteritis, shigella gastroenteritis and yersinia gastroenteritis
- diarrhea, if there are 2 to 3 or more children within 48 hours, because it could be a serious gastrointestinal infection
- group A streptococcus (invasive diseases such as toxic shock syndrome and flesh-eating disease)
- haemophilus influenza type b (Hib)
- hepatitis A virus (HAV)
- impetigo, if there is more than one diagnosed case in the same room within a month
- meningitis
- meningococcal disease
- strep throat and scarlet fever, if there are more than two diagnosed cases within a month
- tuberculosis

Public health will also be contacted about any bite that breaks the skin as blood tests may be required.

Notification to Parents and Staff

1. Parents and staff will be advised of any of the illnesses requiring contact with public health (above).
2. The notice will specifically advise parents to talk to their doctor and check their own child's immunization records about the following illnesses prevented by routine immunizations:
 - diphtheria
 - measles
 - mumps
 - pertussis (whooping cough)
 - polio

- rubella
3. The notice will specifically advise staff or family members who are or may become pregnant that they should talk to their doctor and check their immunization status for the following illnesses:
- chicken pox
 - parvovirus B19 (fifth disease or “slapped cheek” syndrome)
 - rubella
 - measles
 - mumps
 - CMV (cytomegalo virus)

Additional steps: Outbreak of communicable or food borne illness in larger community

Director (or designated alternate) should:

1. Monitor and respond to warnings from Manitoba Health and Healthy Living, Health Canada or the Canadian Food Inspection Agency. Be sure to visit their websites for additional information.
2. Consult with school and school division personnel.
3. Advise all staff of recommendations from Manitoba Health, Health Canada, the Food Inspection Agency, the public health inspector, the child care coordinator or school personnel. Make sure staff follows recommendations.

Serious Injury of a Child

Director (or designated alternate) should:

1. Help make the decision to provide first aid at the centre or call an ambulance.
2. Contact the parents or emergency contacts if parents cannot be reached.

Injury requiring first aid

Staff should:

1. Provide first aid according to the principles learned in their first aid training.
2. Document the incident as quickly as possible and provide an incident report to the parents and director (or designated alternate).
3. Complete an assessment of the factors related to the incident. If necessary, make changes to prevent injuries.

Injury requiring medical attention

Director (or designated alternate) should:

1. Call 911 for an ambulance.
2. Provide a copy of the parent's permission for emergency medical treatment.
3. Accompany the child to the hospital with a copy of the parent's permission for emergency medical treatment, if parents are not at the centre.

Staff should:

1. Attend to the child according to the principles learned in their first aid training until paramedics arrive.
2. Document the incident as quickly as possible.
3. Provide an incident report to the parents and director (or designated alternate).

After the event, director (or designated alternate) should:

1. Complete an assessment of the factors related to the incident. If necessary, make changes to prevent future injuries. Contact school personnel if the required changes are the school's responsibility.
2. Notify the child care coordinator within 24 hours by submitting a Serious Injury Notification on-line or by telephone, the centre's insurance provider and the board chair.

Utility Failure or Sewage Back up

The following procedures will be used in the event of sewage back-up or the loss of one of the following utilities:

- heat
- water
- hot water
- electricity
- natural gas

Director (or designated alternate) should:

1. Contact school personnel to:
 - Figure out if a loss of electrical power is specific to the school or if the area is without power. If it is specific to the school, see if it is a breaker that has blown and restore power.
 - Contact the appropriate utility or repair service immediately to report the problem and get an estimated length of time without service.
2. Based on the information provided by the school, contact the public health inspector to complete a risk assessment. The loss of any utility or sewage back-up may present a health risk to the children, staff and families.
3. Based on the information provided by the school, contact the local fire authority to determine if the loss of the utility or sewage back-up presents a fire safety risk (for example, fire protection systems/life safety equipment or access to exits is compromised) and if there are alternative requirements during a loss of fire protection.
4. Advise staff on procedural changes required by public health (for example, the use of hand sanitizers and single-use food handling and service items) or the fire authority (such as the requirement for a fire watch).
5. Enact *Evacuation Procedures* or *Emergency Closure Procedures* if required by the public health authority or fire authority.
6. Follow *Evacuation Procedures* or *Emergency Closure Procedures*, if required.
7. Inform the child care coordinator of situation and the requirements and recommendations from public health or fire authority.

ANAPHYLAXIS (LIFE-THREATENING ALLERGIES)

The following roles and responsibilities outline the procedures that will be followed if:

- a child currently in the centre has been diagnosed with a life-threatening allergy
- a child about to enrol in the centre has been diagnosed with a life-threatening allergy

IMPORTANT

Call an ambulance immediately to take the child to the hospital when an adrenaline auto-injector is used.

The entire community has a role to play in ensuring the safety of children with a known risk of anaphylaxis in a community setting. To minimize risk of exposure and to ensure rapid response to an emergency, parents, children and centre staff must all understand and fulfill their responsibilities.

Director (or designated alternate) should:

1. Work as closely as possible with the parents of the child with a known risk of anaphylaxis. Regularly update emergency contacts and telephone numbers.
2. Immediately start appropriate planning for an *Individual Health Care Plan/Emergency Response Plan* that considers the age and maturity level of the child, the specific allergen and the centre's circumstances.
3. Submit a URIS application with parents, including *An Authorization for the Release of Information* form. Remind parents that it will need to be completed every year.
4. Have parents complete an *Authorization for Administration of Adrenaline Auto-Injector* form.
5. Contact the public health nurse (or contracted nursing agency if the public health nurse is not available) to develop the *Individual Health Care Plan/Emergency Response Plan* and schedule staff training.
6. Identify a contact person for the nurse.
7. Inform other parents that a child with a life-threatening allergy is in direct contact with their child (with written parental approval). Ask parents for their support and cooperation.
8. Inform school personnel that a child with a life-threatening allergy is present in the building (with written parental approval).
9. If it is not developmentally appropriate for the child to carry an auto-injector, make sure the adult responsible for that child wears it in a fanny pack. An alternative is to keep it in a safe, UNLOCKED location accessible only to the adults responsible.
10. Staff Training
 - Notify staff of the child with a known risk of anaphylaxis, the allergens and the treatment.
 - Have all staff (and possibly volunteers) receive instruction on using an auto-injector.
 - Inform all substitute staff about the presence of a child with a known risk of anaphylaxis. Be sure to advise them of the appropriate support and response, should an emergency occur.

- Store the *Individual Health Care Plan/Emergency Response Plan* in the staff communication areas for easy access while keeping in mind the importance of confidentiality.
- Arrange an annual in-service through the nursing service to train staff and monitor personnel involved with the child with life-threatening allergies.

11. Help with carrying out policies and procedures for reducing risk in the centre.

- Post allergy alert forms with photographs, in the staff room, kitchen, eating area and other appropriate locations (with written parental approval).
- Develop safety procedures for field trips and extra-curricular activities.

12. Make sure there are processes to:

- Monitor when a child's *Individual Health Care Plan/Emergency Response Plans* will expire.
- Annually review and submit a URIS Application form to make sure there is an *Individual Health Care Plan/Emergency Response Plan* for each child with a life-threatening allergy.
- Monitor the expiry dates for children's adrenaline auto-injectors. Remind parents about expiry as needed.
- From time to time, remind other parents in the centre how important it is to make sure packed lunches and snacks are allergen-free.

Responsibilities of all staff:

1. Receive annual URIS training in caring for a child with anaphylaxis.
2. Display a photo-poster in the child care centre (with written parental approval).
3. Discuss anaphylaxis with the other children, in age-appropriate terms.
4. Encourage children not to share lunches or trade snacks.
5. Choose products that are safe for all children in the centre (parental input is recommended).
6. Instruct children with life threatening allergies to eat only what they bring from home, if applicable.
7. Reinforce hand washing to all children before and after eating.
8. Facilitate communication with other parents.
9. Follow policies for reducing risk in eating and common areas.
10. Enforce rules about bullying and threats.
11. Leave information in an organized, prominent and accessible format for substitute staff.
12. Plan appropriately for field trips. Make sure auto-injectors are taken on field trips and emergency response plans are considered when planning the trip.

Responsibilities of the parents of a child with anaphylaxis:

1. Tell the centre director about the child's allergies and needs.
2. Provide their child with an up-to-date auto-injector. If it is not developmentally appropriate for the child to carry it, parents should confirm the auto-injector is in a specified location (safe, UNLOCKED location accessible only to the adults responsible), or on the person of the adult responsible for the care of the child.
3. Make sure their child has and wears a medical identification bracelet.
4. Submit all necessary documentation as required.
5. Provide the child care centre with adrenaline auto-injectors before the expiry date.
6. Make sure that auto-injectors are taken on field trips.
7. Participate in the development of a written *Individual Health Care/Emergency Response Plan* for their child, which is updated every year.
8. Be willing to provide safe foods for their child, including special occasions.
9. Provide support to the facility and staff as required.
10. Teach their child (as developmentally appropriate):
 - to recognize the first signs of an anaphylactic reaction
 - to know where their medication is kept and who can get it
 - to communicate clearly when he or she feels a reaction starting
 - to carry his or her own auto-injector on their person (for example, in a fanny pack)
 - not to share snacks, lunch or drinks
 - to understand the importance of hand washing
 - to report bullying and threats to an adult in authority
 - to take as much responsibility as possible for his or her own safety

Responsibilities of all parents:

1. Cooperate with the child care centre to eliminate allergens from packed lunches and snacks.
2. Participate in parent information sessions.
3. Encourage children to respect the child with a known risk of anaphylaxis and centre policies.
4. Inform the staff before food products are distributed to any children in the centre.

Responsibilities of the child with anaphylaxis:

1. Take as much responsibility as possible for avoiding allergens, including checking labels and monitoring intake (as developmentally appropriate).

2. Eat only foods brought from home, if applicable.
3. Wash hands before and after eating.
4. Learn to recognize symptoms of an anaphylactic reaction (as developmentally appropriate).
5. Promptly inform an adult as soon as accidental exposure occurs or symptoms appear (as developmentally appropriate).
6. Wear a medical identification bracelet.
7. Keep an auto-injector on their person at all times, such as in a fanny pack (as developmentally appropriate).
8. Know how to use the auto-injector (as developmentally appropriate).

Responsibilities of all children (as developmentally appropriate):

1. Learn to recognize symptoms of anaphylactic reaction.
2. Avoid sharing food, especially with children with a known risk of anaphylaxis.
3. Follow rules about keeping allergens out of the centre and washing hands (as developmentally appropriate).
4. Refrain from bullying or teasing a child with a known risk of anaphylaxis.

CHEMICAL ACCIDENT PROCEDURES

The following procedures will be used in the event of a chemical accident:

- inside of the centre (for example, the inappropriate mix of household cleaners)
- in the area outside of the centre

School Procedures:

The school principal or designate should immediately:

- ☐ Assess any reports of threat-related behaviours.
- ☐ Take appropriate action as outlined in the Threat Assessment Protocol, pages 38 - 40
- ☐ Contact the division 'Threat Assessment Team'.
- ☐ Announce over the public address system that a school wide lockdown is in effect.
CODE PHRASE: There is a Red Cross meeting in the <area of concern> immediately.
Or when appropriate, implement a quiet lockdown by going from class to class to initiate the lockdown
- ☐ Call 911.

Chemical Accident Inside of Child Care Building

Director (or designated alternate) should:

1. Enact evacuation procedures immediately.
2. Direct staff to follow *Evacuation Procedures*.
3. Notify school personnel.
4. Call 911 for the fire department (School may take this responsibility).

Chemical Accident Outside of Child Care Building

Director (or designated alternate) should:

1. Enact *Shelter-in-Place Procedures* **or** *Evacuation Procedures* based on instructions from the emergency response personnel (or school personnel).
2. Follow: *Evacuation Procedures* **or** *Shelter-in-Place Procedures: Chemical Accident Outside of Building*.

Shelter-in-Place Procedures: Chemical Accident Outside of Building

Director (or designated alternate) should:

1. Verbally direct lead staff in all play rooms to begin *Shelter-in-Place Procedures*. Direct them to close windows and as many internal doors as possible.
2. Notify staff in playground to return indoors immediately.
3. Make sure all exterior doors leading into the centre are closed and locked.
4. Notify school personnel to make sure they are aware of the situation and to:
 - Close and lock all other exterior doors.
 - Turn off breakers that control air flow.
5. Notify staff on outings away from centre to immediately seek the closest indoor shelter and call back with their location.
6. Inform parents by Fastoche and telephone(if needed) as quickly as possible. Use a scripted message, if possible.
7. Direct parents to stay away from the area and listen to the local media for further updates on the situation.
8. If there is time and it is needed, assign specific staff to take additional measures to protect indoor air:
 - Place a rolled up damp towel at the floor space at bottom of play room doors.
 - Cover and seal bathroom exhaust and grilles, range vents, dryer vents and other openings to the outdoors as much as possible.
9. Inform staff and children when emergency response personnel (or school personnel) say it is safe to leave the building.

Lead Staff in Each Play Room (or designated alternates) should:

1. Lead *Shelter-in-Place Procedures*.
2. Close and lock exterior windows and close as many internal doors as possible.
3. Take attendance to account for all children, staff and visitors.
4. Advise the Director (or designated alternate) of the status of *Shelter-in-Place Procedures*.
5. Assign second staff to prepare for evacuation by:
 - Having the emergency backpack (including the first aid kit, child information records, staff emergency information and contact information for school personnel) ready to go, should evacuation be ordered
 - Having required medications and specialized equipment for individual children with additional support needs ready.

After the event, director (or designated alternate) should:

1. Write and distribute a short letter telling parents about the event and any follow-up steps that will be taken.
2. Tell the Child Care Coordinator about the event.
3. Discuss incident with school personnel.
4. If necessary, call the Regional Health Authority to access the community crisis/trauma response team within 24 hours of the event for advice, resources or in-person support.

BOMB THREAT PROCEDURES

The following procedures describe how we will respond to:

- a bomb threat received by telephone or in writing
- a bomb threat received and suspicious item found

School Procedures:

- ☐ Person receiving the threat (phone call) must gather as much information as possible relevant to location, type of bomb, when set to blow, how disguised, who is the bomber, why?
- ☐ Note every detail possible about the caller and background sounds, gender, age, accent, emotional state, language use.
- ☐ Circumstances in the school – time, student distribution, special events, resources available.
- ☐ Bomb threats are to be left to the discretion of the principal to deal with in the light of the circumstances in each case

IMPORTANT

If a bomb threat is received and/or a suspicious package is found:

- DO NOT use any form of wireless communication (including cordless phones, pagers, cell phones, Blackberries, walkie talkies, etc.).
- Contact the director (or designated alternate) immediately to assess the situation.
- **Stationary Phone located:** Desk phone in Director's Office.

Bomb Threat Received by Telephone or in Writing

Staff member receiving a bomb threat by telephone should:

1. Use the *Threatening Telephone Call* form to record as much information as possible.
2. Notify director (or designated alternate) IMMEDIATELY after the call and discuss information on the *Threatening Telephone Call* form.

Staff member finding a bomb threat in writing should:

1. Leave the note where it is and do NOT touch or move it (even if it has already been moved).
2. Notify director (or designated alternate) IMMEDIATELY.

Director (or designated alternate) should:

1. Direct staff NOT to use any form of wireless communication.
2. Determine if there is an immediate threat to safety based on the information available.

Revised February 2024

3. Send staff to tell school personnel (in person) about the situation and that the director is calling the police.
4. Call **911** using a stationary (corded) phone. Consult with police for further steps.
5. In consultation with police, determine if there is an immediate threat to safety based on the information available and decide whether or not to evacuate.
6. Notify police of the caller's phone number if call display or call trace was successful.
7. Make sure the person who answered the threatening phone call or found the written message is available to be interviewed by police.
8. If there is an imminent threat to safety:
 - Enact *Evacuation Procedures*. Do **NOT** use fire alarm.
 - Direct lead staff in each play room to begin *Evacuation Procedures*.
 - Notify school personnel of decision to evacuate.
9. Call staff and children on outings away from centre (using a stationary (corded) phone). Advise staff not to return to centre until further notice or to proceed to designated place of shelter.

Lead Staff in Each Play Room (or designated alternates) should:

1. Lead *Evacuation Procedures* if enacted.
2. If group of children outside, go to the playground and tell staff to gather in assembly area.

After the event, the director (or designated alternate) should:

1. Write and distribute a short letter telling parents about the event and any follow-up steps that will be taken.
2. Tell the Child Care Coordinator about the event.
3. Discuss incident with school personnel.
4. If necessary, call the Regional Health Authority to access the community crisis/trauma response team within 24 hours of the event for advice, resources or in-person support.

Bomb Threat and Suspicious Item

If a bomb threat is received and suspicious package, letter or object is found, there is an immediate threat to safety.

Director (or designated alternate) should:

1. Evacuate the immediate area where the suspicious item was found. Close the door to the area.
2. Direct staff not to use any form of wireless communication.
3. Enact the *Evacuation Procedures*. Do **NOT** use fire alarm.
4. Verbally direct lead staff in each play room to begin *Evacuation Procedures* using only exits routes and areas that are free of suspicious items.
5. Send staff to tell school personnel (in person) about the situation, that the centre is evacuating and the director is calling the police.
6. Call **911** using a stationary (corded) phone and state the nature of the emergency.
7. Notify police of the caller's phone number if call display or call trace was successful.
8. Make sure the person who answered the threatening phone call (or found the written message) and found the suspicious package is available to be interviewed by police.
9. Call staff and children on outings away from centre using a stationary (corded) phone and advise staff not to return to centre and to proceed to designated place of shelter.

Lead Staff in Each Play Room (or designated alternates) should:

1. Lead *Evacuation Procedures* if enacted.
2. If group of children outside, go to the playground and tell staff to gather in assembly area.

After the event, the director (or designated alternate) should:

1. Write and distribute a short letter telling parents about the event and any follow-up steps that will be taken.
2. Tell the Child Care Coordinator about the event.
3. Discuss incident with school personnel.
4. If necessary, call the Regional Health Authority to access the community crisis/trauma response team within 24 hours of the event for advice, resources or in-person support.

If suspicious item is found but no bomb threat has been received, the director (or designated alternate) should:

1. Advise staff NOT to touch or move it (even if it has already been moved).
2. Evacuate the immediate area and close door.
3. Try to determine if it is suspicious and dangerous or if it is an ordinary item.
4. Send staff to tell school personnel (in person) about the situation and that the director is calling the police.
5. Call 911 using a stationary (corded) phone and consult with police for further steps.
6. In consultation with police, determine if there is an immediate threat to safety based on the information available and decide whether or not to evacuate.
7. Notify school personnel if centre is evacuating or not.

In the case of a suspicious powdery substance, all persons believed to have had contact with it must:

1. Gather together in a separate area away from those who did not have contact.
2. Stay to get the appropriate medical assessment and treatment.

THREATENING BEHAVIOUR PROCEDURES

The following procedures describe the response to threatening behaviour:

- inside the centre or inside another area of school
- on school property or in the neighbourhood

School Procedures:

The school principal or designate should immediately:

- ☐ Assess any reports of threat-related behaviours.
- ☐ Take appropriate action as outlined in the Threat Assessment Protocol, pages 38 - 40
- ☐ Contact the division 'Threat Assessment Team'.
- ☐ Announce over the public address system that a school wide lockdown is in effect.

"Activate lockdown, Activate lockdown, Activate lockdown – now!"

Or when appropriate, implement a quiet lockdown by going from class to class to initiate the lockdown

- ☐ Call 911.

Staff should:

1. Notify the director (or designated alternate) immediately when aware of:
 - threatening behaviour inside the centre or in the school
 - threatening behaviour on the property or in the neighbourhood (either by seeing it or being told by the police)
 - a threat made in writing or received by telephone (do not move, touch or delete the evidence)
2. Call **911** for the police if there is an immediate threat to safety.

Director (or designated alternate) should:

1. Tell staff in the daily staff communication log book to contact the director (or designated alternate) immediately if a person who may become threatening arrives at the centre. For example, if a person has made a threat or is extremely upset such as:
 - a recently fired staff person
 - a parent concerned about a situation at the centre
 - a parent who has become angry, violent or made threats to take a child with respect to a custody dispute
2. If the threat is received in writing, by telephone or voice mail:
 - Call the police immediately. The police can help assess the level of risk to your safety and help you decide on next steps.
 - Do not touch, move or delete the threat or evidence so the police can investigate properly.
3. Notify school personnel of threatening behaviour when appropriate and/or their assistance is required.

SHELTER-IN-PLACE PROCEDURES

Threatening Behaviour Inside Centre or School

School Code Phrase: “Activate lockdown, Activate lockdown, Activate lockdown – now!”

If the threat is in another part of the school, stay where you are and lock the door, if not possible to lock door and it is safe to do so - go to the closest lockable room.

If the threat is in the room that you are in, take children to another room or protective space if possible, if not possible, move away from the threat behind furniture.

Protective Spaces: All rooms, preschool, school-age and infant have locking doors. Staff and children would stay in their rooms unless otherwise notified.

Threatening Person in Another Part of the School

Director (or designated alternate) should:

1. Make sure senior staff in all playrooms are aware of the threat and tell them to:
 - Make sure all interior and exterior doors leading into the centre are locked.
 - Close and lock exterior windows. DO NOT close blinds on exterior windows. Police need to see inside the building.
 - Turn off lights.
 - Stay in protective spaces that are out of sight from doors and windows.
 - Help children who need additional assistance.
 - Take required medications and specialized equipment for children with additional support needs if essential to their immediate safety and it is safe to do so.
 - Take attendance and report status of *Shelter-in-Place Procedures* to the Director.
2. If group of children are in the playground, tell staff to take children to the designated place of shelter immediately.
3. Notify staff on outings to stay where they are or to look for indoor shelter.
4. Review attendance reported by lead staff in all playrooms to account for all children and staff.
5. Notify school personnel about the status of *Shelter-in-Place Procedures*, if safe to do so.
6. DO NOT leave protective spaces until told by the police or school personnel.
7. Notify lead staff when it is safe to leave the protective spaces.

Threatening Person in the Centre

Lead Staff (or designated alternate) in the room with threatening individual should:

1. Attempt to move the individual away from the children into the hallway.
2. Talk to person and try to diffuse the situation.

Second staff in room with threat should:

1. Use phone intercom to alert other Director/staff in other playrooms and to request assistance.
2. Alert staff to lead *Shelter-in-Place Procedures* by using code words:
"Please ask Ms. Demasson to come to <name of playroom>."
3. If the individual has a weapon or is very threatening, call **911** for the police.
4. Infant Room – take children to the nap room.
Preschool Room – take children to nap room.
School Age Room – take children near teacher's sink/counter.
5. Lock the door to the room and cover windows on side of door.
6. Turn off lights.
7. Close and lock exterior windows. DO NOT close blinds on exterior windows. Police need to see inside the centre.
8. If group of children are in the playground, tell staff to take children to the designated place of shelter immediately.
9. Assign second staff to:
 - help children who need additional assistance
 - take required medications and specialized equipment for children with additional support needs if essential to their immediate safety and it is safe to do so.
10. Take attendance to account for all children and staff.
11. If safe to do so, advise Director (or designated alternate) about the status of *Shelter-in-Place Procedures*.
12. Stay in protective spaces that are out of sight from doors and windows.
13. DO NOT leave protective spaces until told by the Director (or designated alternate).

Director (or designated alternate) should:

1. Go to area with the threatening individual.
2. **If the person does not have a weapon:**

Revised February 2024

- Talk to the person. Try to calm them down.
- If threat becomes severe, direct specific staff to call **911** for the police.

If the person has a weapon:

- Call 911 for the police immediately.
 - Take cover in the closest protective space.
3. Follow directions from the police about what to do next.
 4. Give the police floor plans and information about the number of children and staff and where they are.
 5. As soon as possible, notify staff on outings to stay where they are or to look for indoor shelter.

Senior Staff in other rooms without the threatening person should:

1. Lock the door to the room and cover door window.
2. Turn off lights.
3. Close and lock exterior windows. DO NOT close blinds on exterior windows. Police need to see inside the centre.
4. If group of children from your room are in the playground, tell staff to take children to the designated place of shelter immediately.
5. Help children who need additional assistance.
6. Take required medications and specialized equipment for children with additional support needs if essential to their immediate safety and it is safe to do so.
7. Take attendance to account for all children and staff.
8. If safe to do so, advise Director (or designated alternate) about the status of *Shelter-in-Place Procedures*.
9. Stay in protective spaces that are out of sight from doors and windows.
10. DO NOT leave protective spaces until told by the Director.

After the event, the director (or designated alternate) should:

1. Write and distribute a short letter telling parents about the event and any follow-up steps that will be taken.
2. Tell the Child Care Coordinator about the event.
3. Discuss incident with school personnel.
4. If necessary, call the Regional Health Authority to access the community crisis/trauma response team within 24 hours of the event for advice, resources or in-person support.

SHELTER-IN-PLACE PROCEDURES

Threatening Behaviour On School Property or in Neighbourhood

School Code Phrase: "Activate lockdown, Activate lockdown, Activate lockdown – now!"

IMPORTANT - DO NOT leave the centre until the police/school tell you it's okay.

If the threat is on the property, direct staff and children to quickly move inside, take cover or drop to the ground, depending on the situation.

If the threat is in the neighbourhood, direct staff and children to go inside immediately.

Director (or designated alternate) should:

1. Direct lead staff in all play rooms to lead *Shelter-in-Place Procedures*. Tell them if the threat is in the neighbourhood or on the property.
2. Notify staff and children in the playground to come inside immediately.
3. Make sure all exterior doors leading into the centre are closed and locked.
4. Notify school personnel to make sure they are aware of the situation and to lock other exterior doors.
5. Notify staff with children on outings to stay where they are (if safe to do so) or find the closest indoor shelter. Have staff call back to say where they are.
6. Look at attendance records provided by staff to account for all children and staff.
7. Call **911** to make sure police know about the situation (School may take this responsibility).
8. Follow directions from the police/school about what to do next.
9. Tell staff when it is safe to leave the protective spaces as directed by the police/school.

Lead Staff in Each Play Room (or designated alternates) should:

1. **If the threat is in the neighbourhood** - direct staff to gather with children away from exterior windows and doors.

If the threat is on the property – go into protective spaces (main centre hallway).

2. Assign second staff to:
 - help children who need additional assistance
 - to take required medications and specialized equipment for children with additional support needs if essential to their immediate safety and it is safe to do so.
3. Close and lock exterior windows. If possible, close blinds on exterior windows.
4. Take attendance to account for all children.

5. Advise director (or designated alternate) of status of *Shelter-in-Place Procedures*.
6. DO NOT leave centre until advised by the director (or designated alternate).

After the event, the director (or designated alternate) should:

1. Write and distribute a short letter telling parents about the event and any follow-up steps that will be taken.
2. Tell the Child Care Coordinator about the event.
3. Discuss incident with school personnel.
4. If necessary, call the Regional Health Authority to access the community crisis/trauma response team within 24 hours of the event for advice, resources or in-person support.

CONTROLLING VISITOR ACCESS

The following procedures describe how we control and monitor visitor access to ensure:

- staff are aware when parents and children arrive or depart
- staff are aware of expected or unexpected visitors
- people who do not belong in the centre are prevented from entering unnoticed

Preparation

- There are policies that ask parents to tell staff when someone else will pick up their child. If staff don't know the person, they will ask for ID.
- Staff are told about custody arrangements and what to do if the non-custodial parent arrives at a time outside of the arrangements.
- Parents are informed in the parent policy manual that staff need to be told when there are changes to who is allowed to pick up their child. Staff then update the designated pick up list for that child.
- Parents and staff are informed in the parent and staff manual to be cautious and not allow other people to enter the centre as they are entering or exiting the centre.
- When visitors are expected, staff note it in the staff log book so all staff are aware. For example, this may include a different pick-up person, a utility repair person or practicum supervisor for an early childhood education student.
- If the visitor is unknown to the staff, staff must ask to see identification.
- Expected visitors are welcomed and escorted to the appropriate area in the centre.
- When we learn during the enrolment process, in an Inclusion Support Program meeting or through observation, that a child has a tendency to leave areas unescorted or is not fearful of strangers, all staff are informed. Staff are also required to pay particular attention to make sure the child remains safe.

Controlling and Monitoring Visitor Access

1. On school days and in-services, all outside doors to the school are locked except:
 - Main entrance is unlocked from 8:00 am to 4:00 pm.
 - The designated exterior child care centre entrance (east school door) is unlocked from 7:00 am to 6:00 pm.
 - All visitors must report to the main office.
2. On school holidays, all outside doors to the school are locked throughout the day except the designated exterior child care centre entrance (east school door) is unlocked from 7:00 am to 6:00 pm.
3. All exterior and interior doors leading into the centre are locked at all times.
4. When arriving at the centre, all staff, parents and visitors must use the east school entrance and proceed to the Centre entrance. The centre entrance is equipped with a video system.

5. Staff must identify individuals using the video monitor located in office and preschool room prior to opening the door. If the individual is unknown, staff must ask who they are and the purpose of their visit and request ID before allowing entry.
6. Responsibility for responding to the intercom:
 - Any staff with the remote door opener
 - Director when available
5. Staff are required to welcome parents and children into the centre, share pertinent information and help the child to get involved in the centre's activities.
6. Staff are required to sign children in and out on the attendance record.
7. Parents are required to directly tell a staff member when they are leaving the building, with or without their children and to not allow other people into the centre when entering or leaving the centre.
8. Staff are required to visually check if they hear a door open to make sure a child is not leaving without an appropriate adult.
9. When children are in the playground, staff will take a key to re-enter the centre.
10. Children are always directly supervised when using other areas of the school.
11. When using the gym, music room or library, the door will not be locked but staff are required to monitor the door. Staff are to approach any unknown individuals immediately. Staff must ask who they are, the purpose of their visit and request ID before allowing entry (or direct them to the school office).

SAFE INDOOR AND OUTDOOR SPACE PROCEDURES

The following procedures describe how we ensure:

- safe indoor spaces
- safe outdoor spaces

Staff should:

- Watch for any safety concerns throughout the day.
- Correct the situation to the best of their abilities and document what was done.
- Bring concerns to the attention of the director (or designated alternate). Make sure action is taken, if needed.
- Note any safety concerns and related reminders about appropriate procedures in daily staff communication log book.
- Watch for suspicious activity in the neighbourhood and report it to the director and the police, if necessary.
- Stay alert to their surroundings when in the playground or on outings.
- Trust their instincts and, if they feel uncomfortable in a place or situation, to gather the children and leave immediately.

Staff on opening shift should:

1. Complete the *Daily Safety Checklist – Indoor* and *Daily Safety Checklist – Outdoor*.
2. Correct any safety concerns to the best of their abilities and document what was done.
3. Give the checklists to the director (or designated alternate).
4. Make sure the director is aware of any concerns and things that need to be done.
5. Note any safety concerns and related reminders about appropriate procedures in the daily staff communication log book.

Staff on the closing shift should:

1. Do a walk-through and make sure all appliances are unplugged, the stove is turned off, etc.
2. Note any safety concerns and related reminders about appropriate procedures in the daily staff communication log book.

Director (or designated alternate) should:

1. Make sure monthly and annual inspections for which the centre is responsible are completed and documented on the appropriate checklists.

Revised February 2024

2. Complete and document any required repairs or actions. Contact school personnel if the repairs or actions are the school's responsibility.
3. Review enrolment forms, Inclusion Support Program intake and review meeting minutes and URIS *Individual Health Care/Emergency Response Plan* as applicable for any specific requirements for a child with additional support needs.
4. Make any necessary changes to indoor or outdoor spaces to make sure children with additional support needs are safe. Contact school personnel if required changes are the school's responsibility.
5. Communicate safety concerns or changes to procedures to all staff:
 - Note concerns in the daily communication log book.
 - Review at a staff meeting and, depending on how serious the situation is, share with the board of directors.
6. Make sure safety concerns that relate directly to parents or require a change in their behaviour are posted in a prominent area. If the concern is serious, write a letter to each parent.

STAFF TRAINING

The enhanced safety plan will be reviewed and specific responsibilities will be discussed with the director (or designated alternate) when a staff member is given responsibilities for fire safety or emergency response procedures.

Training for New Staff

New staff are required to:

1. Read the Enhanced Safety Plan and discuss it with the director (or designated alternate).
2. Review the *Daily and Monthly Indoor Safety Checklists* with the director (or designated alternate) to learn how to control fire hazards and their responsibility to address any fire safety issues that they see. Staff are instructed to bring fire safety issues to the attention of the director. Issues not resolved by the director can be taken to the board.
3. Review *Individual Health Care Plan/Emergency Response Plans* for all children enrolled with anaphylaxis (life-threatening allergies). Be trained in the use of a child's auto-injector and child-specific avoidance strategies detailed in each individual plan.
4. Review several practice drills with the director (or designated alternate) to learn how to improve their participation and to have their questions answered.

The director (or designated alternate) will show new staff the locations of:

- staff communication Fastoche (containing important information to read daily and a reminder of the code phrase for emergency procedures.
- emergency phone number list including:
 - > the centre's location address
 - > designated place of shelter
 - > contact information for school personnel
- fire alarm pull stations
- fire extinguishers
- emergency backpacks that contain child information records and staff emergency information
- first aid kits
- a copy of the enhanced safety plan
- *Individual Health Care Plan/Emergency Response Plans* for all children enrolled with anaphylaxis (life-threatening allergies) or other applicable health conditions
- adrenaline auto-injectors for children with anaphylaxis
-

Revised February 2024

The director (or designated alternate) will discuss and demonstrate to new staff:

- when to use a fire extinguisher
- what type of fire extinguisher to use
- how to use the PASS method in the use of a fire extinguisher

Training for All Staff

All staff will:

1. Review their actions, as well as the actions of the children, after each practice evacuation or shelter-in-place drill and discuss ways for improvement.
2. Review how to use a fire extinguisher at least once a year.
3. Be retrained in the use of a child's auto-injector and child-specific avoidance strategies detailed in each *Individual Health Care/Emergency Response Plan* for children with anaphylaxis (life-threatening allergies) at least annually.
4. Be retrained in specific plans detailed in each *Individual Health Care/Emergency Response Plan* for children with other applicable health conditions at least annually.

BOARD OF DIRECTORS ROLES AND RESPONSIBILITIES

The roles and responsibilities of board members are outlined in our board orientation package indicating:

1. New board members are required to read the enhanced safety plan and to discuss it with the director (or designated alternate).
2. The board will review and discuss the enhanced safety plan at board meetings at least annually.
3. Board members will review annual fire, public health and child care centre inspection checklists to ensure that the director (or designated alternate):
 - addresses any fire safety issues
 - monitors that all procedures to control fire hazards are completed
 - makes sure all required inspections and maintenance of fire safety equipment are completed and documented as required
 - addresses any public health concerns
 - addresses any child care licensing non-compliance issues or other concerns
4. The board will encourage staff to bring fire safety or other safety issues to their attention as stated in personnel policies, during employment orientations and during annual reviews of enhanced safety plan with all staff.

STAFF AND BOARD ANNUAL REVIEW

The enhanced safety plan will be reviewed biannually by:

- all supervisory staff and designated alternates
- the board of directors

Any necessary changes or revisions will be made including:

- increases or decreases in staffing levels
- increases or decreases of licensed number of children
- changes to rooms or floor spaces occupied by the child care centre
- changes to emergency procedures

If revisions are made, new copies will be printed with the revision date and submitted to the child care coordinator for review and approval. If the revisions are related to fire safety or fire evacuation procedures, a copy will also be submitted to the fire inspector for review and approval.

The revised enhanced safety plan will be:

- distributed to all supervisory staff and designated alternates
- posted in the child care centre for reference by the fire authority
- kept in the staff communication area for easy access and review by child care staff
- reviewed by child care coordinator
- reviewed by the fire authority

The enhanced safety plan will be reviewed annually with all staff at the staff meeting in September or after revisions have been approved.

Centre - School Annual Review

Controlling visitor access procedures for the child care centre and school will be reviewed by the centre director and school principal annually in November. It will also be reviewed when there is a change in school principal, custodian or secretary and/or centre director.

Individual Health Care Plan/Emergency Response Plans (URIS)

Plans will be reviewed every year for each child enrolled with anaphylaxis (life-threatening allergies) or other applicable health conditions.

The director (or designated alternate) will monitor expiry dates for individual plans.
